END USER LICENCE AGREEMENT
Each font purchased from Phat Phonts is licensed for use on 5 personal computers within the purchasing organisation. The end user agrees to receive purchased product from Phat Phonts via email transmission unless otherwise specified. The end user agrees NOT to use fonts purchased from Phat Phonts for any purpose, commercial, public, personal or otherwise, which constitues an illegal act or an incitement to racial, sexual or gender vilification or any other discriminatory or illegal purposes. The end user agrees not to copy, transmit, reproduce, or imitate any product purchased from Phat Phonts for any user outside the purchasing organisation or for any public or commercial purpose, unless permission in writing is obtained from Phat Phonts. The end user agrees not to modify the digital construction or coding of fonts purchased from Phat Phonts. Copyright and intellectual property remain the sole property of Phat Phonts after purchase. By purchasing from Phat Phonts you agree to these terms and conditions.

Phat Phonts warrants to you that the software will perform satisfactorily for the ninety (90) day period following your receipt of the software. This warranty does not apply to font software converted into other formats by the end user. To make a warranty claim, you must return the software to the location where you obtained it along with a copy of your sales receipt within such ninety (90) day period. If the software does not perform satisfactorily, Phat Phonts reserves the right to exercise either the replacement of the software or the refund of the license fee you paid for the software.

Phat Phonts and its suppliers do not and cannot warrant the performance or results you may obtain by using the software.

MULTI-USER LICENCES

Phat Phonts offers flexible licensing that allows you to choose the type of license that best fits your needs. The Initial License for each Phat Phonts font or font package package allows you to use the fonts on 5 computers (CPUs) and/or 1 output device at one physical location. Thereafter, you can choose to increase the number of CPUs per the following:

• the price of the Initial License + the price of the additional CPUs
